

# Syracuse VA Healthcare for Homeless Veterans (HCHV)

## WHAT EMERGENCY HOMELESS SERVICES ARE AVAILABLE?

Syracuse HCHV Programs serve Onondaga, Oneida, Madison, Herkimer and Broome Counties. HCHV Programs do not provide emergency shelter services or emergency financial assistance. We rely on nonprofit organizations, such as the Rescue Mission and County Departments of Social Services to provide veterans with access to needed resources.

## WHAT SERVICES DOES THE HCHV TEAM OFFER?

### Homeless Veterans Outreach

An Outreach Worker connects with homeless Veterans staying in Emergency Shelters or living on the streets to help establish eligibility for VA medical care; conduct clinical assessments for services; and link Veterans to appropriate community resources.

### Supported Housing Case Management

The Supported Housing Case Manager works in conjunction with Homeless Veterans Outreach to help Veterans obtain and maintain safe, affordable housing.

### Grant Per Diem Program

This program provides supportive housing to homeless individuals in a group setting who need to develop skills and resources in order to transition to permanent housing. Limited beds are located in Onondaga County and Broome County.

### HUD VASH

HUD-VASH is a cooperative partnership between the Department of Housing and Urban Development (HUD) and VA Supported Housing (VASH). Low income Veterans who participate in this program require intensive case management and receive a Section 8 rental subsidy to support their long-term housing needs. Limited vouchers are available in Onondaga and Oneida Counties.

## HOW DO I MAKE AN HCHV REFERRAL?

Please submit a Homeless Consult using CPRS. An HCHV team member will contact the Veteran to conduct an initial assessment for HCHV services.

315-425-4400
